The graph displays the evolution of four components of the vector u over 180 iterations. The x-axis represents the iteration number, ranging from 0 to 180. The y-axis represents the value of the components, ranging from -1.5 to 1.5. All four components (Ch 112, Ch 113, Ch 114, Ch 115) remain constant at zero throughout the entire range of iterations.
